A Message Form The Director,

“The secret of success and happiness is not in doing what one likes, but in liking what one has to do. We must live for something, have a purpose and keep that purpose in view. Be brave, be strong and display courage. The safest place for a ship is the shore, but in order to move in the right direction, one needs to be mentored and guided well, because strong determination, with proper guidance, is the perfect recipe for a successful career. Runfast Medical Eduare Pvt.Ltd. As running from the year 2018, we have spread out our work through all INDIA, we believe that our success is defined by the quality of executives. We recommend, and by the contributions, these executives make to the clients we serve. One of our core strengths is building long-term relationships with our People. We work here for the upcoming engineers, doctors, HR, etc... In this respect, not only medical care but also clinical innovations are important. India has always been recognized as a niche knowledge hub. This has led to greater agility among the Indian talent pool to handle global operations.”

**Thank you
Mr. Saurav Kumar**

Welcome to Uzbekistan

- Studying MBBS in Uzbekistan currently turns into the ideal alternative for Indian students. It correlates with different medical examinations, experienced resources, looked after medical clinics, and phenomenal food quality. MBBS in Uzbekistan is a five years course and 100% English medium all through the five years. Medical schooling in Uzbekistan is excellent; it satisfies the worldwide guideline of instruction. From the previous years, there has been a tremendous tendency of students for studying MBBS abroad. MBBS in Uzbekistan 2022-23 is one of the commendable choices for Indian students to practice medicine abroad. Studying in medical colleges of Uzbekistan gives a more excellent calibre of training, regional pathology, learning diagnostics, taking care of the patients, practising medical care and some more.
- This nation has a high literacy rate, and it offers clinical examinations at truly reasonable fees to other nations' students. Such countless students from various countries come here to study MBBS in Uzbekistan. This nation gives a one of a kind climate to learn. We suggest Uzbekistan to Indian students for the medical examinations because you will get high education to explore their way of life. The transportation administrations are all around overseen, and on the off chance that you can speak fluent English, you can carry on with a genuinely peaceful life. Getting admission to MBBS in Uzbekistan is likewise extremely simple at this point.

Welcome to Armenia

- It was in 6th Century B.C that the first kingdom of Armenia was established. The country was the first nation in the world which adopted Christianity as its religion. During the 11th and 14th centuries, a kingdom called 'Cilician Armenia' existed on the coast of the Mediterranean Sea. MBBS in Armenia can be the best option for the Indian Medical aspirants. Indian students get everything what they wish for in their medical university. There are 26 higher education institutions in Armenia. 16 of those universities belong to the system of Ministry of Education and Science. The most popular universities of Armenia are located in the heart of the country, capital Yerevan

Welcome to Philippines

- The Philippines officially the Republic of the Philippines is an archipelagic country in Southeast Asia. The Philippines is considered to be an emerging market and a newly industrialized country, which has an economy transitioning from being based on agriculture to one based more on services and manufacturing. Along with East Timor, the Philippines is one of Southeast Asia's predominantly Christian nations.

Medical education in Philippines is principally offered and developed by accredited and government recognized medical schools in the country. The Philippine medical schools are graduate schools offering the Doctor of Medicine (M.D.) degree. MBBS in Philippines is getting popular among Indian students who do not wish to study an additional language such as required in MCI recognized medical colleges or universities in China or European countries like Russia. This is due to the fact that, Philippines is an English speaking country. More than 95% of the people speaks English language. Philippines offers American system of medical education and the Primary Medical qualification is M.D. degree(MBBS). This qualification is globally recognized including the Medical Council of India. The MBBS program of Philippines is a unique opportunity for students who have passed 12th standard or equivalent examinations to pursue medical education of International standards. Colour, splendour and hospitable people, are all in the country of Philippines. With beaches and islands around it, the Republic of Philippines is like a mini retreat to vacationers and the local population alike. Weather condition is very similar to that in India, with rain and a temperate climate.

Students' troubles

During the quarantine, many Indian students are stuck in Ukraine and have to study online because local universities closed their doors.

For international medical undergraduates, it is a challenge — they face a language barrier and lack lab work, according to Saurav Kumar, consultant at the Runfast Medical Educare firm that helps Indians to apply to Ukrainian universities.

Students say that during the quarantine it is harder to prepare for the Krok exam that has always been difficult for them.

The test contains 200 questions that evaluate the basic knowledge of medicine, pharmacy and

यूक्रेन में कोरोना पीड़ितों की संख्या 11,913; यहां मेडिकल की पढ़ाई कर रहे 15 हजार भारतीय छात्र परेशान यूक्रेन में फंसे हैं 300 बिहारी छात्र, एंबेसी ने कहा- एडवाइजरी देखते रहो, कोशिश कर रहे हैं, पीएम-सीएम से जान बचाने की लगाई गुहार

यूक्रेन में कोविड-19 खतरनाक स्थिति पर पहुंच गई है। कोरोना रोगियों की संख्या आज की तारीख में 11913 पहुंच गई है। यूक्रेन के विनितिसिया स्थित विनितिसिया राष्ट्रीय चिकित्सा विश्वविद्यालय में एमबीबीएस की पढ़ाई कर रहे समस्तीपुर जिले के कल्याणपुर के स्टूडेंट सौरव कुमार ने बताया कि पूरे यूक्रेन में 13 हजार से 15 हजार भारतीय मेडिकल स्टूडेंट्स हैं। विनितिसिया में तकरीबन 2000 इंटरन स्टूडेंट्स हैं। जिसमें बिहारियों की संख्या लगभग 300 है। लेकिन तेज गति से फैल रहे कोरोना से इंटरन स्टूडेंट्स की जिंदगी खतरों में आई गई है। सौरव ने बताया कि यूक्रेन में इंटरन एंबेसी का संपर्कनक जवाब नहीं मिल रहा है। सिर्फ मेल पर एडवाइजरी देखते रहें और की सलाह दी जाती है। कहा जाता है कि हमलोग लगे हुए हैं।

यूक्रेन में फंसे बिहारी मेडिकल स्टूडेंट्स।

पीएम को 26 अप्रैल और सीएम को 28 अप्रैल को किया था ई-मेल सौरव ने फोन पर बताया कि हमलोग वापसी के लिए 26 अप्रैल को मुख्यमंत्री नीतीश कुमार, 28 अप्रैल को प्रधानमंत्री नरेंद्र मोदी, विदेश मंत्री, राज्य के स्वास्थ्य मंत्री को ई-मेल भेज चुके हैं। लेकिन कोई जवाब नहीं मिला। सौरव ने बताया कि बिना मास्क पहने वाहर निकलने पर 17,000 रुपए के जुर्माना का प्रावधान है। लेकिन यहाँ लोग स्वतंत्र रूप से और बिना मास्क के घूमते हैं। यह हमारे लिए खतरनाक है। क्योंकि खाद्य सामग्री लेने के लिए वाहर जाते हैं। केंद्र सरकार को निर्णय लेना चाहिए और सौरव के पिता राम सागर शर्मा ने बताया कि हमारी चिंता बढ़ती जा रही है। लेकिन लाचार हैं। केंद्र सरकार को यूक्रेन में रह रहे भारतीय छात्र की सकुराल वापसी की व्यवस्था करनी चाहिए। वहाँ की स्थिति ठीक नहीं है।

Successful and unsuccessful people do not vary greatly in their abilities

FREQUENTLY ASKED QUESTION'S

01. Can I practice in India on my return, after MBBS/ MD degree from Abroad?

YES. As per the current rules of the Medical Council of India (MCI), you can practice in India. After graduating from abroad, you have to appear for a Screening test conducted by the National Board of Education (NBE), New Delhi. On clearing this test you need to register with the MCI and comply with all their rules and then you will get a Registration which will allow you to practice Medicine in India

02. How many times can I appear in the Screening Test?

There is NO LIMIT on the number of Attempts in the Screening Test. A sincere student will pass Screening Test in first attempt. It is a QUALIFYING test similar to class 12 test. It is NOT an ELIMINATION test such as PMT. Note: It is likely that the Screening Test will be administered to ALL students from India, studying in private and government colleges in India, in addition to students from overseas, in order to create a uniform MBBS education competency standard in India. This proposal is on the MCI website see <http://www.mcindia.org> tools announcement/pg-medical-education.pdf.

03. Can I get a job in Government Hospitals or applied Medical Institutions in India?

YES. After registering with MCI, the Doctor can apply for Government & Private jobs or do his/her own practice, as the person is now recognized by the Indian Authorities as a Qualified Doctor.

04. What kind of Food will I get in Foreign countries?

- Students can cook their own food - kitchen facilities are available.
- Indian Canteens and restaurants are available in the city and near the University's premises.
- Establishment of a dedicated low cost canteen serving Indian Food for International students in the Hostel premises is under consideration by the University.
- All food items such as rice, dal, potatoes, tomatoes, flour, pizzas, fruits, spices, tea, milk, butter etc are available for sale in the markets and bazaars.

05. Are there any Indian students already studying in these colleges?

500-1200 Indian students are studying in each college listed in this brochure. There are many Indian Boys and girls from India.

06. Can I get Bank Loan and to what Extent?

As per RBI regulation Students pursuing education abroad can obtain loan up to Rs. 15 Lacs. Visit the local Branch of a nationalized bank to find terms. Amount sanctioned depends on income proof of parents. i.e. Last Three years Income Tax Returns /or Salary Certificate. You will have to satisfy the criteria that the Bank will apply. Visit the local Branches of Nationalized Banks in your area to find out more.

07. Is Foreign Medical Colleges are listed in the World Health Organization (WHO) Directory?

YES. its listed in WHO Directory of Medical Institutions. WHO publishes a list of Medical Colleges, given by various countries. NOTE: WHO does NOT rank Medical Universities. What WHO does is simply publish the list of Medical Institutes given to it by each Govern-
